Principal Dental Coverage – Preferred Provider Organization (PPO) for The Principal Plan LOW PLAN

Effective Date: 01/01/2017

This summary of dental coverage from Principal Life Insurance Company supplements any materials presented by your employer. You have been enrolled in The Principal Plan PPO network. This handout is for illustrative purposes. You'll receive a benefit booklet with details about your coverage. If there is a discrepancy between this handout and your benefit booklet, the benefit booklet prevails.

Predetermination of Benefits: When dental charges are expected to exceed \$300 for you or any one of your dependents, you may file a dental treatment plan with Principal Life Insurance Company before treatment begins. Principal Life will provide a written response indicating benefits that may be payable for the proposed treatment.

- An annual enrollment applies. Members can enroll for dental coverage during the annual enrollment period and not be subject to the late entrant waiting period. Certain restrictions apply
- Your family deductible maximum is 3 times the per person deductible amount.
- Out-of-network deductibles for procedures are combined.
- Preventive Passport was elected. This exempts preventive charges from applying to the Calendar year maximum benefit. Therefore, the maximum benefit will not be impacted by use of preventive services. Basic charges will continue to be applied to the annual maximum.

Coordination of Benefits

As allowed by state law, this coverage coordinates coverage with other group policies. This coordination gives us the right to recover benefit payments from another person or company liable for covering your dental loss. See your employer for details.

Dependent Coverage

You may be able to elect coverage for eligible dependents. See your employer for details on the definition of eligible dependent.

Emergency Services

If a member requires treatment or service for an emergency dental condition and cannot reach a preferred dental provider without unreasonable delay, benefits for such treatment or service received from a non-preferred dental provider will be paid as if the treatment or service had been provided by a preferred dental provider. The member must provide information either with the claim or during an appeal that identifies the situation as an emergency.

Need Answers?

If you have any questions about The Principal Plan or dental care in general, call our toll-free Benefit Advice line listed on your ID card. The Benefit Advice staff helps employees use and understand their benefits.

How do I know if my dentist participates with The Principal Plan?

Confirm Network participation with your provider when making your appointment. Always present your ID card. This tells your provider you're eligible for network benefits.

What if my dentist is currently not a Network provider?

You may nominate your dentist for inclusion in The Principal Plan Dental network. Please submit the dentist's name, address, phone and specialty by calling 1-800-832-4450, or submit through www.principal.com. Note: We may use your name when contacting your dentist to let him/her know you're interested in your dentist becoming a network member. Principal Life retains final authority for approving membership in the provider network.

What if a Network dentist refers me to a specialist?

Ask your dental provider to refer you to another In-Network provider. You receive greater benefits when you visit In-Network providers.

How often do I pay deductibles?

You must meet your deductibles each calendar year (January 1 to December 31) before the policy begins paying.

Do I pay separate deductibles if I use both In-Network and Non-Network dentists?

No. Amounts you pay toward your In-Network deductible also count toward your Non-Network deductible and vice-versa.
